BIBLE SCHOOL UPDATE IN CAMEROON:

As we reported in our last news letter Pastor Success Nkongho traveled one week by road from Cameroon to Liberia so he could be a part of our conference in Monrovia. While he was with us in Monrovia we gave him all of the materials for opening the bible school in Cameroon. In March we sent over the balance of the finances needed to purchase the necessary for opening the bible school.

Pastor Success has reported that they have secured four locations and will be opening all of the Bible school branches by the end of April, 2010 in the cities of Doula, and Limbe. At the current time they have one hundred seventy five (175) enlisted in the four branches of the bible school, and they are expecting more students to be enrolled before the dead line.
