## **NEPAL FEBRUARY 2009**

**Rev. John Harper of Decatur, Ill. joined Dr. Pangio as they ministered together in our first Abundant Ministries Leadership Conference in Kathmandu, Nepal. Immediately upon landing in Kathmandu they experienced the favor of The Lord. Dr. Pangio was smuggling into the country the materials for a two year accredited Bible School Curriculum, DVD player, and media projector for the planting of our first bible school in the country. After collecting their luggage in the airport, the customs officials required that all suit cases must pass through an x-ray machine before you could leave the airport. Dr. Pangio expressed concern to the customs agent that the x-ray machine might damage his camera equipment that was in his luggage, the customs agent then told Dr. Pangio and Rev. Harper to pass through without having to place their luggage in the x-ray machines.....Praise The Lord! The bible school materials and equipment are now in the hands of Pastor David / Debendra Kamar Sambahamphe; who organized our meetings for us in Kathmandu. We are hoping to organize and open the bible school in Kathmandu later in the year.**

**Dr. Pangio and Rev. Harper ministered in two separate local churches on Saturday. Rev. Harper preached at the Holiness Evangelical Church, while Dr. Pangio preached at Pastor David's church: The Himalayan Full Gospel Church. Both of them experienced hungry hearts as they preached the word of God, and experienced a great presence of God as they ministered to the congregation. They laid hands on the sick and flowed in prophetic ministry as The Lord confirmed His word with signs following (Mk. 16:20 " And they went out and preached everywhere, the Lord working with them and confirming the word through the accompanying signs.")**

The people living in Nepal are Hindu's due to the influence of the religious spirit from their neighbor India or heavily influenced by beliefs from one of their other bordering countries: Tibet.... which is the founding place of Buddha worship. Many monks have fled Tibet and have come to Nepal due to China's government not allowing religious freedom. This has resulted in the spread of Buddhist worship and there are now more Buddhist temples in Nepal than in Tibet. Also, the communist party is the ruling influence within the government of Nepal, this comes from China which is located right next to Nepal. There is constant concern that China will over run Nepal, just as it did Tibet.

For the most part the "Church" in Nepal is small and meets in houses (as seen in Pictures above). There are few Christian Church buildings in Nepal. Instead, houses are rented, the front room is turned into a sanctuary and the bed rooms are used for Sunday School classes. Most evangelism is done "one on one", as the Pastors spend their day witnessing to individuals and visiting their flock. The average income for a family is as low as fifty dollars a month. Due to these low income levels it is common to see grand parents, parents, their married children, as well as grand children all living in the same house in order to meet their needs. The tithes and offerings brought into the local church are barely enough to pay the rent and utilities on the house that is used for the local church. Pastors do not receive a salary from their congregations. The congregation gives what they call "charity" to their pastor, this "charity" includes anything from finances, to food and clothing. This unbiblical practice keeps the pastors in constant stress in regards to meeting the needs of their own families, because the congregations expect their pastors to devote themselves to full time ministry.

## LEADERSHIP CONFERENCE

Dr. Pangio and Rev. Harper held our first Abundant Ministries Leadership Conference in Kathmandu. The theme for this three day conference was: **“IMPARTING INTO THE NEXT GENERATION”**. The three day conference consisted of two morning and two afternoon sessions daily. The Pastors and church Leaders were feed each day of the conference, and their meals included hot tea, fried rice, chicken, pork or buffalo meat. Each day the conference averaged around sixty pastors and church leaders.

Rev Harper taught five sessions in the conference on **“Developing Your Vision”**. Dr. Pangio taught on: **The Order of Spiritual Sons**, **Biblical Church Government**, **Imparting into the Next Generation**, and **Taking Steps of Faith For Implementing Your Vision**.

A strong anointing manifested, and revelation knowledge flowed as Dr. Pangio and Rev. Harper ministered the Word of God. The pastors said they have never attended a conference where they have been taught on this magnitude. On the last day of the conference the afternoon sessions were given to imparting into the pastors and church leaders through laying on of hands and prophetic ministry.

**KATHMANDU, NEPAL 2010**

While Dr. Pangio and Rev. Harper were in Nepal they received a number of invitations for holding conferences in 2010. Instead of holding a number of conferences in various locations, Dr. Pangio made arrangements to hold another Abundant Ministries Leadership Conference in March 2010, and secured a facility in another region of Kathmadu which seats seven hundred people.
